

Shut-off damper with motor

DTBLU

Description

Shut-off damper with electric motor LM 24 A-F, LM 230 A-F, CM 24 F or CM 230 F.

Consists of a DTU damper with a 24 or 230 V motor added. Has a low height to fit at narrow spaces.

In outdoor installation, the motor should be protected from direct UV radiation.

There is a separate assembly, measuring, balancing and maintenance instruction for this product.

Fulfills pressure class C in closed position.
